

# Important Notice: Hetzner Pricing Update 15th June 2026

Dear Customers,

We would like to inform you that Hetzner has updated its infrastructure pricing. As a result, Elestio will also adjust the pricing of Hetzner-based deployments accordingly.

The new pricing will take effect on **June 15, 2026**.

## What does this mean?

- All **new deployments** created on or after **June 15, 2026** will be billed according to the updated pricing.
- Any **rescaling or resource upgrades** performed on existing Hetzner deployments on or after **June 15, 2026** will also be charged based on the new pricing.
- Existing deployments that are not modified or rescaled will continue to operate normally until changes are made.

If you are looking for a more cost-effective hosting option, we recommend considering our **Netcup** infrastructure provider, which continues to offer competitive pricing and reliable performance.

We remain committed to providing reliable infrastructure and transparent pricing. If you have any questions regarding this change, please contact our support team.

Thank you for your understanding and continued trust in Elestio.
