

# Add credits

## Add money to your elestio balance

You can easily add credits to your elestio account from your User Profile.

1. Click on the User Icon to access your *User Profile* in the top left above the Main Navigation menu.
2. Select the *Add Credits* tab.
3. Enter the amount you wish to add to your account, in US dollars (USD).
4. Click the *Pay Now*. You will be redirected to the Stripe checkout site to complete your payment.

Funds are automatically added to your account upon successful payment. This can take up to a few minutes, but is usually instantaneous.

elestio has a \$10 minimum, and a \$1,000 maximum per transaction.

If you would like to add a larger amount to your account, [contact our sales team](#) and we'd be happy to talk volume discounts!

If you are a company, please fill out the company relevant fields. This helps us to determine your tax status and whether or not you need to pay VAT.
