

# Free trial

Elestio offers a 3-day free trial with \$20 in credits, during which you can launch up to 2 services.

In addition to the services in our catalog, you have access to load balancers, volumes, and CI/CD pipelines. Domain names are the only thing that cannot be acquired with free credits.

For important details about the free trial, please review the [Elestio Free Trial Policy & Fair Use Statement](#).

## End of the Free Trial offer

***The Free Trial ends when you use all of your credit, or after 3 days, whichever happens first.*** At that time, the following conditions apply:

- Your account will be automatically renewed for \$25 or less based on monthly spending if you have active services.
- You'll need to add credits to your account to keep all the services you've deployed.
- If you do not wish to be billed, simply delete all services from your account and disable auto-refill.

You may disable auto-refill in your payment options from the left sidebar Account tab, or you can click [here](#) to disable auto-refill.
