

AWS EC2 or BYOAWS (Bring Your Own AWS Account)

AWS is the largest cloud provider, boasting one of the best networks available, as well as a vast number of regions and data centers.

Supported Services

Compute	<input type="checkbox"/>
Private network	<input type="checkbox"/>
Firewall	<input type="checkbox"/>
Volumes	<input type="checkbox"/>
Elastic IP	<input type="checkbox"/>
Snapshots	<input type="checkbox"/>

SMTP Services are not supported in BYOAWS (Mailcow, Postal, etc.).

Supported Regions

Continent	Country	City	Datacenter
Africa	South Africa	Cape Town	af-south-1
Asia	Australia	Sydney	ap-southeast-2
Asia	Australia	Melbourne	ap-southeast-4
Asia	Hong Kong	Hong Kong	ap-east-1
Asia	India	Mumbai	ap-south-1
Asia	India	Hyderabad	ap-south-2
Asia	Indonesia	Jakarta	ap-southeast-3

Asia	Japan	Tokyo	ap-northeast-1
Asia	Japan	Osaka	ap-northeast-3
Asia	Korea	Seoul	ap-northeast-2
Asia	Singapore	Singapore	ap-southeast-1
Europe	France	Paris	eu-west-3
Europe	Germany	Frankfurt	eu-central-1
Europe	Ireland	Dublin	eu-west-1
Europe	Italy	Milan	eu-south-1
Europe	Spain	Spain	eu-south-2
Europe	Sweden	Stockholm	eu-north-1
Europe	Switzerland	Zurich	eu-central-2
Europe	United Kingdom	London	eu-west-2
Middle East	Bahrain	Bahrain	me-south-1
Middle East	United Arab Emirates	UAE	me-central-1
North America	Canada	Montreal	ca-central-1
North America	USA	N. Virginia	us-east-1
North America	USA	Ohio	us-east-2
North America	USA	N. California	us-west-1
North America	USA	Oregon	us-west-2
South America	Brazil	Sao Paulo	sa-east-1

VM Sizes

Size	Cores	Ram	HDD
------	-------	-----	-----

MICRO-2C-1G	2	1GB	10 GB to 10 TB
SMALL-2C-2G	2	2GB	10 GB to 10 TB
MEDIUM-2C-4G	2	4GB	10 GB to 10 TB
LARGE-2C-8G	2	8GB	10 GB to 10 TB
XLARGE-4C-16G	4	16GB	10 GB to 10 TB
2XLARGE-8C-32G	8	32GB	10 GB to 10 TB
3XLARGE-16C-64G	16	64GB	10 GB to 10 TB
4XLARGE-32C-128G	32	128GB	10 GB to 10 TB
