

Hetzner

Hetzner is an award-winning provider, born and based in Germany. They are one of our favorite providers because they are reliable and cost effective. Most of the time, you get twice the CPU & RAM for the same price compared to other providers.

We also love Hetzner for their commitment to promoting an energy-efficient use of the internet. All of their datacenters are powered by renewable energy.

20 TB of bandwidth is included with all VM sizes.

Supported Services

Compute	<input checked="" type="checkbox"/>
Private network	<input checked="" type="checkbox"/>
Firewall	<input checked="" type="checkbox"/>
Volumes	<input checked="" type="checkbox"/>
Floating IP	<input checked="" type="checkbox"/>
Snapshots	<input checked="" type="checkbox"/>

Supported Regions

Continent	Country	City	Datacenter
Europe	Germany	Falkenstein	FSN1
Europe	Germany	Nuremberg	NBG1
Europe	Finland	Helsinki	HEL1
America	USA	Ashburn, Virginia	ASH1

VM Sizes

Size	Cores	Ram	HDD	Bandwidth
SMALL-1C-2G	1	2GB	20GB NVME	20 TB

MEDIUM-2C-4G	2	4GB	40GB NVME	20 TB
LARGE-2C-8G	2	8GB	80GB NVME	20 TB
XLARGE-4C-16G	4	16GB	160GB NVME	20 TB
2XLARGE-8C-32G	8	32GB	240GB NVME	20 TB
3XLARGE-16C-64G	16	64GB	360GB NVME	20 TB
4XLARGE-32C-128G	32	128GB	600GB NVME	20 TB
