

# Leave a project

Read-only users are able to leave projects.

1. Select **Members** in the left menu
2. Select the **Leave Project** icon to the right of the project you wish to leave

The screenshot displays the Elestio interface. On the left is a sidebar with the 'elestio' logo and a menu for 'PROJECT: elestio-services'. The menu items include Services, Volumes, Load Balancer, CI/CD, Domains, **Members** (highlighted), Billing, Project Setting, and Audit Trail. The main content area is titled 'Members' and features a table with columns for 'User Email', 'Member type', and 'Created'. There are two rows of members, both with 'Admin' roles. To the right of each row is an icon for leaving the project. An orange '+ Add Member' button is located in the top right corner of the main area. A 'Text' button is visible at the bottom right of the table area.

User Email	Member type	Created
[redacted] (project owner)	Admin	8 months ago
[redacted]	Admin	5 months ago

Revision #5
