

Leave a project

Read-only users are able to leave projects.

1. Select **Members** in the left menu
2. Select the **Leave Project** icon to the right of the project you wish to leave

The screenshot displays the 'Members' page in the Elestio interface. On the left, a sidebar menu includes 'Services', 'Volumes', 'Load Balancer', 'CI/CD', 'Domains', 'Members' (highlighted), 'Billing', 'Project Setting', and 'Audit Trail'. The main content area shows a table of members with columns for 'User Email', 'Member type', and 'Created'. Two members are listed: one as 'project owner' with 'Admin' type, created '8 months ago', and another as 'Admin' type, created '5 months ago'. A 'Leave Project' icon (a person with a red X) is visible next to the second member. An '+ Add Member' button is in the top right, and a 'Text' button is at the bottom right.

User Email	Member type	Created
[redacted] project owner)	Admin	8 months ago
[redacted]	Admin	5 months ago

Revision #5
