

Manage projects

Changing project settings

Select `Settings` from the left menu.

You can easily rename your project, change the technical email target and update the project description.

Don't forget to press `Save` to store your update!

The screenshot shows the 'Settings' page for a project named 'elestio-services'. The page has a left sidebar with a navigation menu including 'Services', 'Volumes', 'Load Balancer', 'CI/CD', 'Domains', 'Members', 'Billing', 'Project Setting' (highlighted), and 'Audit Trail'. The main content area is titled 'Settings' and includes a 'Delete Project' button in the top right corner. There are three main sections: 'Project Name' with a text input field containing 'elestio-services'; 'Technical Email' with a text input field containing 'Enter Technical Email'; and 'Project Description' with a large text area containing 'Hey'. At the bottom of the main content area is an orange 'Save Information' button.

Revision #6
