

Database credentials

This only applies to database software.

You can view your database software in your service Dashboard in the *Overview* tab, by selecting the *Display DB Credentials* button.

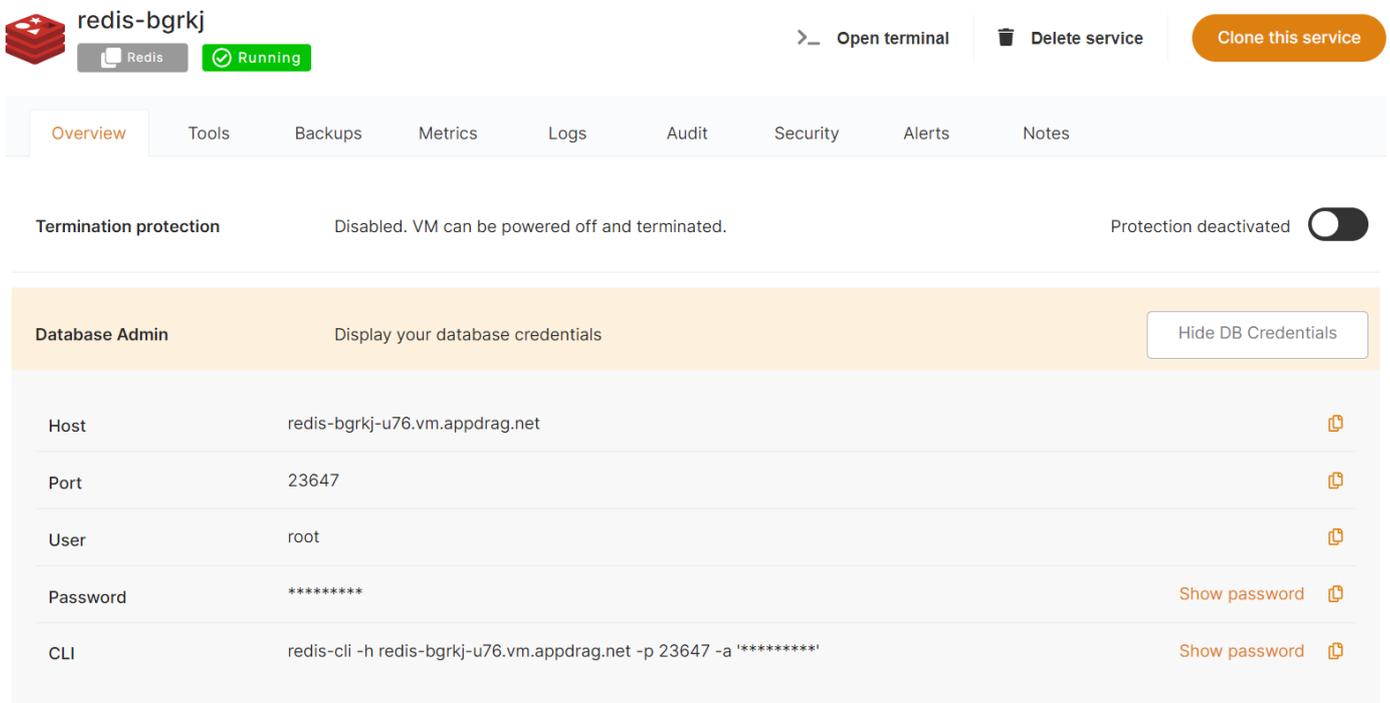

The screenshot shows the Redis service dashboard for 'redis-bgrkj'. The service is running. The 'Database Admin' section is highlighted, and the 'Display DB Credentials' button is visible.

Termination protection	Disabled. VM can be powered off and terminated.	Protection deactivated <input type="checkbox"/>
