

# File Explorer

From the Tools tab in the service overview, click on the "File Explorer" button.

The first launch can take 1-2 minutes because File Explorer is installed on your service. The next launch is nearly instant.

|                |  |                |
|----------------|--|----------------|
| VS Code        | Your favorite code editor in your browser                              | VS Code        |
| File Explorer  | Navigate easily to different folders, upload or download files/folders | File Explorer  |
| Reset Password | Reset your SSH/SFTP password   | Reset Password |
| Terminal       | Access virtual machine consoles  | Terminal       |

This will open a pop-up window, providing you with a temporary password and Access link.

Copy the temporary password and click on the Access link.

Authenticate with the credentials on the file explorer page:
