

Notes

The notes tab is useful to save textual notes about service, for yourself or other team members

The screenshot shows the management interface for a Redis service named 'redis-bgrkj'. At the top left, there is a Redis logo, the service name 'redis-bgrkj', a 'Redis' icon, and a green 'Running' status indicator. To the right are buttons for 'Open terminal', 'Delete service', and 'Clone this service'. Below this is a navigation bar with tabs for 'Overview', 'Tools', 'Backups', 'Metrics', 'Logs', 'Audit', 'Security', 'Alerts', and 'Notes' (which is highlighted). Under the 'Notes' tab, there is a text input field with the placeholder 'Publish and share your private notes' and a 'Save my note' button. Below the input field is a rich text editor toolbar with options for 'Normal', bold, italic, underline, strikethrough, quote, list, link, unlink, and image. The main area of the editor contains the placeholder text 'Write some notes here...'.
