

Reset SSH/SFTP Password

By default, password authentication is disabled. For security reasons, we recommend using SSH Pubkeys instead.

From the Tools tab in the service overview, click on the "Reset Password" button

The screenshot shows the service overview for 'redis-bgrkj'. The service is running and has a 'Redis' icon. The 'Tools' tab is selected, showing a list of tools: VS Code, File Explorer, Reset Password, and Terminal. The 'Reset Password' button is highlighted in orange.

Tool	Description	Action
VS Code	Your favorite code editor in your browser	VS Code
File Explorer	Navigate easily to different folders, upload or download files/folders	File Explorer
Reset Password	Reset your SSH/SFTP password	Reset Password
Terminal	Access virtual machine consoles	Terminal

The dialog box is titled 'Reset SSH/SFTP Password' and contains the question 'Do you really want to reset SSH root password?'. It has two buttons: 'Cancel' and 'Accept'.

Reset SSH/SFTP Password

Do you really want to reset SSH root password ?

Cancel Accept
