View Update Logs

Apply Changes

Please indicated your preferred maintenance hour to apply the updates.

Time	Day
10:30	Sunday

☒ Security Patches Only

You can configure when updates are applied - by the minute, hour, or day.

All times configured in the dashboard are **UTC (Coordinated Universal Time)**.

It's also possible to start an update interactively with the Update now buttons or view logs of previous updates.

Revision #6

Created 9 January 2022 13:16:22 by Joseph Benguira

Updated 29 September 2022 09:23:29 by Amit
